Missouri Public Library Survey, 2019

Public libraries in Missouri are required by statute 181.021 RSMO and US Congress (P.L. 103-382, Title IV, National Education Statistics Act of 1994, Sec. 404(a)) to submit annual data. This submission is required in order to be eligible for State Aid funding. The data received from the libraries is used by policy makers at the local, state, and national level.

Each library submits data based on their most recently completed fiscal year, which for 2020 ranged from January 1, 2019 to October 31, 2020. Only two of the 150 library districts did not report in 2020. The data is publicly available at the Missouri State Library: Library Statistics webpage (http://www.sos.mo.gov/library/development/statistics/default) or by request from:

Library Collection - Electronic Materials

For purposes of this survey, units are defined as "units of acquisition or purchase." The "unit" is determined by considering whether the item/title is restricted to a finite number of users, or has an unlimited number of simultaneous users.

Finite Use: Count of units is based on the number of usages acquired (equivalent to purchasing multiple copies of a single title). For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 "unit;" if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 "units."

Unlimited Simultaneous Use: Count of units is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited, simultaneous users, then this would be counted as 100 "units."
